MICHELLE LANG, DIRECTLY CHARTERED LOCALS REP

REPORT TO THE PRAIRIE REGION COUNCIL

SEPTEMBER 15 – 17, 2022

Casino Regina will be entering contract negotiations in November. The Corporation basically hired a new Labour Relations team that seem to like to have meetings upon meetings. They came out of the gates excessively strong with Estoppel notices and trying to change anything that is done favorably for the employees and changing it. My members are experiencing burn out in all departments and that we can't seem to hire fast enough. The corporation is refusing to work fairly with part time people that may have other jobs or going to school. But I am taking that on case by case basis and have gotten some movement. Bargaining should be interesting. They are currently revamping the Attendance Support Program with an impending start date of end of September. I would like to Thank Marianne for including my local for filming of new media content. I can't wait to see what comes out of this!

I would also like to report that the DCL – Separate Employer conference is currently being planned. We are looking at different themes regarding how to be better prepared if a pandemic were to happen again and how can we come back more engaged, mobilized and stronger. Heard something about an action piece involving Christmas Carols and the Midtown Plaza which I am excited for always.
