

TANIA – MESSAGE TO YOUNG WORKERS

Hi friend,

I hope this message finds you well and you're enjoying sweater weather 😊

Let me introduce myself, my name is Tania Fikus, and I have the privilege of being your Young Workers Representative on the Prairie Region Council. I wanted to take a few minutes of your time to tell you a little about the exciting opportunities we have in the works across the region, specifically for Young Workers.

As Young Workers, we offer a fresh, new and 'out of box' approach to bringing new vision to the decision-making tables of the union, whether it be in committees, executives, or regional meetings. We can change our workplaces and communities through our collective efforts to work together in union spaces. However, I understand the ability to be heard in union spaces or workplaces is sometimes thwarted by inaccurate and outdated stereotypes associated with Young Workers. But I am here now saying, let's flip the script.

Let's come together, to renew our commitment to each other, our colleagues and demonstrate to the nay-sayers that Young Workers will not be silenced, we will be a united positive force and voice in the union. But to make this happen we need you!

Below you will find a variety of opportunities to get involved with fellow Young Workers in your area. If you are unable to attend the listed meeting(s) but are interested in getting involved, please let me know and I would be happy to connect you into the next opportunity.

Thank you for your time and I hope to see you soon!

In Solidarity,

Tania Fikus
