

MADELINE E. LEE, RACIALLY VISIBLE PERSONS REP (Late)

REPORT TO THE PRAIRIE REGION COUNCIL

22 – 24 AUGUST 2025

As we are all aware, we currently had a Federal election this year and I have been keeping myself informed and educated to how our racially visible members are being affected. Since our last PRC meeting I have been actively involved in different meetings in different regions to learn and see what are their needs. In these meetings I am finding that we share a lot of struggles that are the same. I am working on staying in touch with all 3 regions and hoping to strengthen our racially visible members.

My plans for the upcoming months, prepare for the upcoming conference in October. Bring awareness and recognition to why identifying is important. Contact radicalized MLA and PMs in our Prairie region that are radicalized and promote more recognitions to our needs eg, important events that we celebrate and how it is important, and how it affects our work.

Activities I have done

February 12-14 meeting in Ottawa for the PSAC national Equity

March 3-4 PSAC racialized leadership program forum
