

TIM HUBICK, PERSONS WITH DISABILITIES REP

REPORT TO THE PRAIRIE REGION COUNCIL

SEPTEMBER 13 - 15, 2024

It has been somewhat of a slower time since last meeting. I do continue to work with members who have reached out with various questions about duty to accommodate.

Activities and events attended.

Attended the PSAC tri annual convention.

Attended the region health and safety committee meeting.

Be working with Saskatchewan members in preparation for provincial election.

Attended Regina Human Rights committee meeting.

Attended Edmonton Human Rights committee meeting.

Reached out to Winnipeg Human Rights committee but did not receive any response back.

Attended Calgary Human Rights committee meeting this committee was not in good standing as the executive stepped down. Happy to say they did get back into good standing with three executive members being elected.

It appears to myself that all human rights committees are struggling currently.

Up and coming events and goals.

I will be continuing to work with all the active Human Rights Committees.

Plan on attending Regina Labour Day events and working the Regina area council. With a variety of events.

Planning on attending Orange shirt day in Regina and the southern Saskatchewan Human rights committee with a booth.

Planning on attending the change maker training.

Continue with the ULDP training

Continue with the mentorship program.

Challenges and questions.

Challenge is how to get more membership engagement.

Seem at times there seems to be a break in the way meeting notices for human rights committees are made known to equity reps.

Question.... It has been a very long time since equity reps have received a list of equity members which in turn brings a barrier to being able to reach out to members is it possible to have a updated list more often?

Question is it possible to have a email with self identify QR code sent out again to all members?

Final notes.

I do wish to thank all the PSAC staff for their contended hard work.

I would also like to thank Marianne and all my fellow PRC members for their hard work and continued support.

It brings myself great sorrow to hear of our fellow past PRC member and activist Penny.

Respectfully submit

In solidarity

Tim Hubick

PWD representative.
